Salmon River Challenge

Exciting Adventures For Your Fellowship in 2005

The 2004 whitewater season proved to be a blessing for Salmon River Challenge. God provided great water flow, terrific weather and tremendous opportunities for fellowship. Familiar faces and names took advantage of these conditions to add to their summer activities and the benefits of spending time together in a terrific setting.

New faces and new churches came to Riggins to experience a wonderful opportunity of fellowship on beautiful white, sandy beaches and the exciting whitewater of the Salmon River.

It was during this season that The Lord touched our hearts with the wonderful ministry that SRC

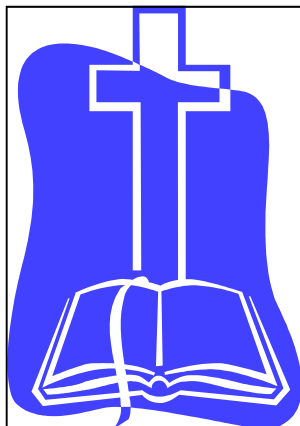

Members of the Cole Community Church's High School Youth Group observing a beach side devotional.

can provide to the various groups from churches throughout the northwest. This 2005 news letter will focus on those opportunities for your church!

Check out these Activities that SRC can provide!
